SWEPT BY A STORM

Thirty-Seven Persons Killed and More Than a Hundred Injured at Moundville, Ala.

PEOPLE BLOWN FROM THEIR BEDS.

Every Business House With the Exception of a Small Drug Store in the Town Destroyed.

Bedding, Carpets and Wearing Apparel Are Scattered For a Distance of Ten Miles Through What Was Previously Forest.

Tuscaloosa, Ala., Jan. 23.—A disastrous tornado swept over Moundville, Ala., a town of 300 inhabitants, 15 miles south of Tuscaloosa, early Friday, and as a result 37 persons were killed and more than one hundred injured. Every business house with the exception of a small drug store was completely destroyed.

The tornado struck the city from the southwest and mowed a path a quarter of a mile wide through the town.

Surgeons were rushed to Moundville from Greensboro and Tuscaloosa and all possible was done to alleviate the sufferings of the injured. By the force of the storm persons were blown hundreds of feet from their beds in the blackness of night. Through terror a father, mother and three children fled from their home to seek refuge, and in their excitement left a 5-year-old boy in bed. Friday he was pulled from beneath some timber and thus far it is impossible to find any other member of the family.

Bedding, carpets and wearing apparel are scattered for a distance of ten miles through what was a forest, but which is now as clear as if though cut by the woodman's ax.

Freight cars were torn to splinters, the trucks from them being hurled hundreds of feet from the track.

The depot, the hotel, warehouses, gins, 30 houses, the store houses occupied by R. L. Griffin, A. W. Wiggins & Son, J. W. Domenick, A. D. Griffin and W. P. Phifer, together with their stocks, were completely destroyed. Where they stood it is impossible to find even the pillars upon which these structures rested.

Bales of cotton which were stored in warehouses were torn to atoms, the fragments of lint lodging in trees, making it appear as though that section had been visited by a snow storm. Heavy iron safes, the doors of which in some instances were torn from their hinges, were carried away by the force of the wind.

A young clerk employed by W. P. Phifer, hearing the terrible roaring of the storm, let himself into a well in the center of the store. He had no sooner found his place of safety when the store was completely demolished. He was drawn out uninjured.

E. P. Seymour, of Nashville, Tenn., among the killed, had accepted his position as operator at the railroad station Thursday evening.

Tuscaloosa, Ala., Jan. 23.—The town of Hull, four miles north of Moundville, suffered from the tornado. The Bates Lumber Co.'s planing department was completely wrecked and the Negro fireman crushed. Four residences and one church were demolished.

STARVED TO DEATH.

Leonidas Hubbard, Jr., New York, Died in the Wilds of Labrador.

Quebec, Jan. 23.—Word was received Friday night from Chateau Bay, Labrador, that a courier had arrived from Northwest river with the information that Leonidas Hubbard, Jr., of New York, had died of starvation in the wilds of Labrador on October 18. The remains are on their way to Quebec, so the report says, by dog train, which is expected to reach Chateau Bay some time in March.

New York, Jan. 23.—Mr. Hubbard, who was assistant editor of Outing, was sent out by that magazine to explore the interior of Labrador. In his party were Dillon Wallace, a New York lawyer, and two Cree Indians. The explorers left Rigolette about the beginning of July, 1903. Their object was to penetrate to the settlement of Nascauphes Indians, where, so far as known, no white man has ever been.

San Domingo, Jan. 23.—United States Minister Powell recognized the provisional government of Gen. Morales as the de facto government of Santo Domingo, and he has informed the diplomatic and consular corps.

Temporary Receiver Appointed.

Lincoln, Neb., Jan. 23.—A temporary receiver was appointed by the state supreme court for the Bankers Union of the World, an insurance order, at the request of the deputy state auditor, who alleges that it is insolvent.

SCHOOL BOOK MEASURE.

The Bill Was Passed By the Senate and Now Goes to the Governor.

Frankfort, Ky., Jan. 23.—Senate.—The state uniformity maximum price for school book bill finally passed the senate Friday, and will become a law as soon as Gov. Beckham signs it. As it has an emergency clause that makes it effective at once, it had been freely predicted in certain quarters that the senate had passed the Cantrill-Gillenwater bill as a bluff, and would never concur in any house amendments that might be made, so it was refreshing when the senate on motion of Senator Cantrill, adopted the 28 house amendments without a dissenting vote. On motion of Senator Carroll a rule was adopted providing that all bills proposing appropriations shall be referred to the committee on appropriations. Adjourned until Monday.

House.—The house adopted a resolution offered by Representative Bourne, that W. J. Bryan be invited to address the general assembly February 3, the anniversary of Goebel's death. A resolution by Bourne, that the house stand adjourned on February 3, and that memorial services be held for William Goebel, was adopted. On motion of Mr. Drewery, unanimously adopted, the house extended former Gov. W. O. Bradley the courtesy of the speaker's chair. Gov. Bradley made a brief speech, in which he complimented the representatives for passing the state capitol bill and the World's fair bill. The committee on corporate institution reported favorable a bill to create an express commission to control express companies. The Edwards bill, to allow the mayor of a first-class city to remove members of the board of public safety and board of public works, was favorably reported. The Guffey bill, to make the operation of slot machines a misdemeanor, was adopted by a vote of 59 to 1. House adjourned till Monday.

DIED OF HEART DISEASE.

Bishop Thomas Underwood Dudley Expired in New York.

New York, Jan. 23.—Bishop Thomas Underwood Dudley, of Louisville, Ky., died in New York Friday of heart disease. Called from Louisville by the fatal illness of his mother-in-law, Mrs. Elizabeth W. Aldrich, Bishop Dudley was stricken at the Aldrich home, in Madison avenue, Friday afternoon, and died within a few minutes. Although Bishop Dudley had not been in robust health for a year or more, he had been able to fulfill his duties without interruption, and, when he arrived in New York early in the week, there was no indication that his condition was more than usual.

The body will be taken to Louisville Saturday, and services will be held there next Wednesday, which will be the twenty-ninth anniversary of his consecration as bishop of Kentucky.

STRICKEN WITH PNEUMONIA.

Representative J. T. Pride is in a Precarious Condition.

Lexington, Ky., Jan. 23.—Representative J. T. Pride, chairman of a committee from the Kentucky legislature to inspect the state institutions located in Lexington, was stricken with pneumonia in the lunatic asylum Friday afternoon and is in a precarious condition. He is unable to be moved. Mr. Pride lives in Union county and could not take his seat in the legislature till three days after the election on account of age. Pride was a star tackle on the State college football team for the season of '92, and was injured in the Thanksgiving game that year, from which he never entirely recovered. The trouble of Friday is the outgrowth of that injury. The other members of the committee returned to Frankfort Friday night.

Cantrill A Candidate.

Lexington, Ky., Jan. 23.—Judge Jas. Cantrill, who figured in the trials of the Goebel suspects, has authorized the announcement that he will be a candidate for the democratic nomination of judge of the court of appeals from this district, to succeed Judge Burnam, whose term expires January 1, 1905.

Ex-Gov. Bradley Addresses Solons. Frankfort, Ky., Jan. 23.—The house, an overwhelmingly democratic body, Friday paid former Gov. W. O. Bradley the high compliment of inviting him to address that body. The ex-governor was received with applause, and his speech, which was from a patriotic standpoint, was loudly cheered.

Owingsville, Ky., Jan. 23.—Sheriff Seth Botts' fine saddle horse was stolen from his stable Thursday night. Botts traced the horse to Mt. Sterling,

PITTSBURG FLOOD.

Many Mills Have Their Fly Pits Below Flood Level and Have Shut Down.

HUNDREDS OF MEN OUT OF WORK.

The Stage of Water in the Twin Cities Saturday Morning Was About Thirty Feet.

Big and Little Shenango Rivers, Which Meet at Greenville, Pa., Are Higher Than For Many Years, Causing Much Damage.

Pittsburg, Pa., Jan. 23.—Friday night the government forecaster made the announcement that the Allegheny river registered 24.5 feet, rising at the rate of .8 foot an hour. His prediction is that there will be 30 feet of water at Pittsburg by daylight. The river is full of heavy ice and is passing rapidly. So far not much damage has been reported. At the first rush of the ice Friday morning the false work of the Brilliant bridge of the Pennsylvania railroad was swept away. The bridge was not damaged.

Many mills have their fly pits below flood level and have shut down, throwing hundreds of men out of employment.

The Monongahela river rose slowly all day, the first rapid rise experienced there being when the Allegheny caused the former stream to back up. The ice started out of the Youghiogheny river during the afternoon and also from the third pool of the Monongahela.

One track of the Pennsylvania railroad at Roaring Run and at Avonmore is washed out. The railroad bridge at Apollo is unsafe and abandoned. High water is doing much damage to railroad property owing to the recent improvements.

Reports from Fairmont, W. Va., say that at the headwaters of the Monongahela river there has been almost a steady rain for 48 hours and that the ice in the river, which is 12 inches thick, can be heard cracking.

At Connellsville the ice in the Youghiogheny river broke up Friday morning and Friday the water reached a high stage. Along the line of the Baltimore & Ohio railroad considerable damage has already been done. The sudden thaw has caused several landslides on the Pittsburg and the Connellsville divisions of the B. & O. The mountain district is still full of snow and the continued warm weather is filling the mountain streams up to their banks.

At Penn. the conditions are almost as bad as last July, when the valley was flooded. Fifteen families have been driven out of their homes. Many mines about Greensburg are so badly flooded that work has been entirely suspended.

Friday morning the Kemkava dam broke, letting loose thousands of feet of logs and a great gorge of ice. Traffic from nearby towns is cut off. The water is still rising.

At South Fork, near Johnstown, an ice gorge broke away and carried with it the abutments of the Pennsylvania railroad bridge over the Conemaugh and two cars. A Baltimore & Ohio freight train of eight cars went down into the Casselman Friday.

The Big and Little Shenango rivers, which meet at Greenville, are higher than for many years. A gorge in these streams has backed the water over the town, causing a damage of thousands of dollars.

The Monongahela Coal and Coke Co.'s Hornet No. 2 sunk in 24 feet of water. The crew escaped. The boat was valued at about \$10,000.

The Volunteer sank at Brown's Station. The officers and crew leaped to shore. The Volunteer was valued at \$15,000.

A river man said that the damage wrought by ice would amount to many thousands of dollars. This, coupled with the losses sustained by railroads, business houses, manufacturers, street car companies, government works and residents will likely put the loss above the \$1,000,000 mark.

At 2 o'clock Saturday morning the gauges showed that the Allegheny stood at 29.6 feet at Herr's island and was rising .6 of a foot an hour; the Monongahela at the wharf stood at 27.2, rising .3 foot an hour; the Ohio at Davis island dam, 25.1, rising .4 foot an hour.

Every mill and factory between the Allegheny Valley railroad tracks, and river is flooded and 25,000 men will be out of work temporarily.

Navigation Rendered Perilous.

Baltimore, Jan. 23.—A dense fog Friday, followed by a warm rain, which broke up the ice in the Patapsco river and upper Chesapeake bay, rendered navigation perilous and few, if any, vessels left port during the day.

AT THE PRESENT SESSION.

No River and Harbor Appropriation Bill Will Be Passed.

Washington, Jan. 23.—The house committee on rivers and harbors Friday decided that there should be no river and harbor appropriation bill at the present session of congress, although a few surveys may be authorized.

In explanation of the postponement of a bill until next session, Chairman Burton made the following statement: "The main reason for this action was the very large balance appropriated for river and harbor improvements which is now lying in the treasury unexpended. This balance at the end of last year was somewhat in excess of \$38,000,000. In addition to this, it is said that \$8,700,000 or thereabouts will be appropriated at this session in the sundry civil bill for the continuance of work on rivers and harbors where improvements are progressing under continuing contracts."

PREVENTED A PANIC.

A Small Fire in the Grand Theater, Kansas City, Mo.

Kansas City, Mo., Jan. 23.—A panic was prevented at the Grand theater Friday night by Nat Wills, who occupied the center of the stage when an electric light burned out, setting fire to a curtain in the north wing. When a small blaze was seen creeping along the edge of the curtain, women began to scream and men rose from their seats, prepared to make a hasty exit. Wills, who had been singing a song, immediately shouted, "For God's sake, keep your seats and remain quiet. Six hundred persons were killed in a Chicago theater recently by becoming panic-stricken and trampling themselves to death."

The words of the actor seemed to impress the large audience, which remained quiet and one minute later the fire had been extinguished by theater firemen.

CONGRESSIONAL MATTERS.

The House Passed 209 Pension Bills—Panama Speeches in the Senate.

Washington, Jan. 23.—Senate.—The senate Friday adopted the resolution of inquiry concerning affairs in Panama introduced on the 5th inst. by Mr. Gorman, and listened to a speech on the Panama question by Mr. Dolliver and another on the subject of reciprocity by amendments. Adjourned until Monday.

A bill permitting the withdrawal duty free from the St. Louis exposition of articles donated to religious, scientific, educational or literary institutions also passed.

MINISTER TO PANAMA.

Mr. Buchanan is About to Return to the United States.

Washington, Jan. 23.—Confirmation is had at the state department of the report that Mr. Buchanan, American minister to Panama, is about to return to the United States, starting in a few days from Colon. Important private business is assigned as a reason for the minister's return. The department is not informed that his visit is anything more than a mere leave of absence, but it knows that Buchanan consented to assume the Panama mission only on an understanding that his appointment must be temporary, and as affairs on the isthmus are regarded as being in excellent shape from an administrative standpoint, it is possible that he will consider that he has carried his full undertaking when he returns to Washington.

MURDER MYSTERY.

Dead Body of Sarah Schaeffer Latin Teacher of the Bedford High School, Found.

THERE IS EVIDENCE OF FOUL PLAY.

A Wisp of Mustache Hair Discovered in the Clutches of the Victim May Give a Clue.

Evidence That Miss Schaeffer Received Two Anonymous Letters Threatening Her If She Did Not Change Boarding Place Disclosed.

Bedford, Ind., Jan. 23.—The dead body of Sarah Schaeffer, Latin teacher at the high school, was found Friday morning by William Cook and his son-in-law, John Hendricks. Cook is a cabman and found the woman when he went to get his cab out of the shed. She was lying under the cab, and the earth around showed signs of a struggle for life. The body was well dressed. The face of the woman was lacerated, and her whole body was covered with mud and blood. The shed floor was a pool of blood. The woman's body, when found, was cold and stiff. The shed is located within 50 feet of the street.

Miss Schaeffer was from Elkhart, Ind. The whole affair is wrapped in mystery.

It has developed that a wisp of mustache hair was found in the clutches of the victim and upon this clue the police and a number of private detectives are basing their investigation. Miss Schaeffer's umbrella was found open in a barn lot near the shed. A brick with which the wounds were inflicted has also been found covered with blood.

A Negro was said to have been seen near the alley where the assault was committed about the time that Miss Schaeffer left her boarding house. Bloodhounds have been given the scent, but could follow it not more than 50 yards from the place where the body was found. A whisky bottle coming from a saloon in the city was found about 50 feet from the shed. The inquest is being held behind closed doors.

Evidence that Miss Schaeffer, the murdered girl, received two anonymous letters threatening her with punishment if she did not change her boarding place from the home of Dr. D. D. Nicholson has been disclosed. Miss Schaeffer subsequently changed her residence for fear that the threat might be carried out. Those familiar with the letters have been charged to make no statement.

Deputy Prosecutor Stephenson said Friday night: "If a man is arrested only on suspicion and two people know it he will be lynched."

A dragnet is to be instituted through out the surrounding country and all suspicious characters will be compelled to prove their whereabouts on the night of the murder.

Elkhart, Ind., Jan. 23.—It was stated by a relative of the murdered girl that she had recently written to her parents, Mr. and Mrs. J. C. Schaeffer, of this city, concerning distasteful attentions that were being paid her by a young man whose name she withheld. A letter received from the girl on the day before her death mentioned especially her happiness and her satisfaction with her surroundings. Her mother is critically ill as a result of the tragedy.

Bloomington, Ind., Jan. 23.—Judge Wilson said Friday night that in the event of the murderer being caught an attempt would no doubt be made to lynch him. Company H, under Capt. Loudon, is being held in readiness to leave for Bedford should the occasion require.

MR. ROOSEVELT will do very well as a "rough rider," but he's most too rough for President, says a writer.

The bill appropriating \$75,000 for the Kentucky exhibit at the St. Louis World's Fair passed the Senate by a vote of 28 to 5 and is the first bill of the session to reach the Governor. The State Capitol bill and the School Book bill will not be long behind the World's Fair measure. The lawmakers are to be congratulated on disposing of these important measures so promptly.

It is given out that Senator Hanna can't accept the invitation to address the Kentucky Legislature. It's a safe venture that none of the other "distinguished" individuals who have been invited will accept, and if they did about one law-maker in a dozen would pay any attention to the speaker. The members of the assembly would exhibit a little more common sense by attending strictly to business.

SOMETHING DOIN'.

When It Was Discovered an Express Package Containing \$80,000 Had Been Thrown Off a Train by Mistake.

A Brooksville correspondent of the Augusta Chronicle says: "One day last week two or three insignificant looking express packages were thrown off the eastbound C. and O. train at Wellsburg and by some one placed on the Brooksville train under the impression that they belonged to parties here. Our train had scarcely reached Brooksville before telegraph and telephone messages from Covington, Wellsburg and Maysville concerning the packages began to pour in. The parties were informed that the packages were here and safe. Upon arrival of our train at Wellsburg that afternoon it was met by a special agent of the express company who had come up on the Flyer and hopped off at Wellsburg. The packages were handed to him, and after examining the seals and satisfying himself that all was right he stated that the valuable package contained \$80,000."

BEYOND DOUBT.

These Facts Must Convince Every Maysville Reader.

The statement which follows tells the experience of a resident of Maysville. Incredulity cannot long exist about this testimony because it can easily be investigated.

Mr. I. L. McIlvain, of 116 West Third street, says: "When a man is relieved of annoyance and suffering for years, when he has exhausted all his knowledge of household remedies and used medicines suggested by his friends and neighbors, when he has come to the conclusion that there is no cure, he naturally enthusiastically indorses the means he employs to obtain relief. I got Doan's Kidney Pills at J. Jas. Wood & Son's drug store for kidney and bladder complaint. I had no expectation of even checking my trouble, let alone curing it. Much to my surprise and more to my gratification the results obtained stamps the remedy as being more than up to the representations made for it."

Always Popular

The Gingham! Its followers are legion. When we speak of gingham it is in a broad way that embraces all the woven-in-color cottons—ginghams proper, cheviot, madras and oxford. One thinks of the whole group as gingham and we only use the distinguishing names as pegs on which to hang details.

When you see a particularly pretty cotton it is safe to guess it either Aberfoyle or Scotch. These cottons are washed with soap at the mill and are fast color. Yet we saw a fine gingham ruined in the wash the other day. It had been left to an indefinite soaking with other articles and the suds was made of cheap soap. You can't have and hold beauty without fair care.

After all this preliminary we are half ashamed to mention the price, to be commensurate with the quality it should be double.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of 'ORRINE'."

Mrs. W. L. D., Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him 'ORRINE'. He is now fully restored to health and has no desire for drink."

Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of 'ORRINE' cured me of all desire and I now have the smell of liquor."

Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company, 817 14th St., Washington, D. C. Interesting book—Treatise on Drunkenness, (sealed) free on request.

TOBACCO FAIR.

Kentucky Lawmakers and State Officials to Be Invited.

Mayor of Cincinnati Expected and Mayor of Louisville May Come—Preparations For the Big Show.

You want to get ready for the tobacco fair. "Bigger and better than ever before" is the way the announcement reads and the indications now are that this will be true in every respect.

The Board of Trade will do its part and to that end all necessary arrangements for the big day are being made. At last night's meeting of the directors it was decided to extend an invitation to Governor Beckham and other State officials and to the members of the Legislature. Mayor Fleischman, of Cincinnati, has signified his intention to be present and Mayor Grainger, of Louisville, will also be urged to attend.

There will be no formal program for the exercises at the opera house as it is the intention to have the addresses short and spicy. Mr. C. L. Salice has consented to deliver the address of welcome.

Mr. W. H. Means was authorized last night to invite the Seed Corn Growers' Association of Ohio, Indiana and Illinois to attend and have a display of seed corn. It was decided to have the opera house and court house appropriately decorated for the occasion. The business men of the city are urged also to decorate.

As Maysville no longer has a brass band of her own, it was decided to engage the Augusta Band for the day. It was also decided to engage the Maysville Orchestra to furnish music at the opera house.

The Cincinnati Post says: "The Business Men's Club will send a big delegation to the Maysville Leaf Tobacco Fair, Feb. 20th, on a special car. It will be in charge of a special committee composed of Col. John L. Shuff, George A. Blair, J. Stacy Hill and others."

President Duley received a letter this morning from Col. Brent Arnold, the L. and N.'s General Freight Agent and Superintendent of Terminals at Cincinnati, accepting an invitation to attend the fair.

There is no longer any doubt that this tobacco fair will be the biggest and best ever held in the Ohio Valley, and the farmers of Mason and surrounding counties in this State and Ohio should do all they can to encourage the enterprise. Select your samples of tobacco, wheat, corn and potatoes and make the display the finest and greatest ever seen.

Funeral Notice.

The funeral of the late John I. Mathews will take place Sunday at 2 p. m. at the family residence on Forest avenue, under the auspices of Ringgold Lodge No. 27, I. O. O. F., with the religious services by Rev. Dr. Barbour and Rev. R. E. Moss. Interment in the Maysville Cemetery.

Mrs. Matilda Fox is reported in a critical condition at her home in Dover.

See our wall paper window—Hainline.

March 18, 1903, the mercury was up to 70°.

The rabbit season is about over and the catch has been a very large one.

The Singer office has been removed from the opera house to 229 Market street.

War was declared and Gerbrich decided the victor. Price and quality. New pianos \$150 up.

T. T. Hughes, formerly of Fleming, died this week at Lawrenceburg, Ind., and was buried at Ewing.

Captain Jas. P. Allen, formerly of Fleming, was this week appointed custodian of the city building of Lexington.

R. E. I. Warren, who crops near Elizaville, has delivered to H. B. Cushman, 5,000 pounds of tobacco at 12c. straight.

The home farm of the late Chas. M. Fleming, containing 184 acres near Flemingsburg, was sold to Wood Richardson at \$84 50 an acre.

Last spring was noted as the rainiest for many years. Rains began the first of March and continued with little intermission to the middle of April.

The Ladies' Committee of the Y. M. C. A. will serve dinner on the day of the tobacco fair, in room on Sutton street, adjoining Mr. W. H. Ryder's store.

Wheat in this county is reported looking worse than for many years. It began the winter without much growth and the weather has all along been against it.

Wanted—

A good boy to carry papers and do the work usually allotted to the "devil" in a printing office. Apply in person this afternoon.

Rev. Dr. J. W. Porter, formerly pastor of the First Baptist Church, now of Newport News, will assist Rev. Dr. W. D. Nowlin, of Lexington, in a protracted meeting, beginning the first of next month.

Suit was filed in the Circuit Court Friday by Daniel Norris and others to break the will of the late Thornton Norris. The latter left a large estate and under the will it will all go to his wife, Mrs. Emma F. Norris. Salice & Slattery, Judge Phister and Judge Doniphan are attorneys for the heirs.

H. S. Bierley has organized a company at Portsmouth to manufacture his twentieth century washing machine. Mr. Bierley is the inventor of the National Cash Register, but sold his rights in it for only \$2,500. The man he sold it to got \$50,000 for it, and the present owners have made a fortune off of it.

Mr. William Roads, who has been farming in this county for more than fifty years, says he came nearer making no crop last year than in all his farming experience. He used to be a famous hemp raiser, and one season broke out ten tons himself, and sold it at \$140 per ton. This was before hemp had been succeeded by tobacco in this county.

DIED FRIDAY.

Mrs. William Clark Succumbs to Injuries and the Infirmities of Old Age.

Mrs. William Clark died Friday morning at 8:30 o'clock at the home of her daughter, Mrs. Patillo, on East Fourth street. About two months ago, she fell and broke one of her hips, and her injuries, coupled with infirmities due to her advanced age, finally caused her death.

Mrs. Clark was born in County Sligo, Ireland, seventy-six years ago, and had been a resident of Maysville sixty-two years. Five children survive her, Messrs. James, William and Lawrence Clark, Mrs. Martin Guilfoyle and Mrs. Patillo, all of this city. Her husband died some years ago.

The funeral will take place Sunday at 2 o'clock at St. Patrick's Church, and the remains will be interred at Washington.

Pan "kake" flour and syrup—Calhoun's.

Painless extraction of teeth at Dr. Cartmell's.

There bids fair to be a larger acreage of tobacco put out this season than for many years.

Mrs. Emma Downton, whose illness at Talladega, Ala., has been mentioned, was in a critical condition at last accounts and not expected to survive very long.

Last winter on the coldest days the mercury registered as follows: January 12th at zero, Feb. 17th at zero, with the heaviest snow of the season, Feb. 19th 10° below zero.

Benjamin B. Whiteman, of Cincinnati, lately deceased, was named after his kinsman, Benjamin Ball, the old time hatter at Washington, great-grandfather of the Messrs. Poyntz, of this city.

At the recent term of the Fleming Circuit Court Anna R. Ballard was granted a divorce from her husband. As soon as the decree was entered, she and John Thomas, of Robertson, applied for license and were married by Squire Hurst.

Mr. Gilbert Collins has purchased of Mrs. Ed. Mitchell and others, a lot fronting ninety feet on north side of the Second street extension and running back 250 feet to the C. and O. It will be filled to a level with the street, and a stable erected on it some time this year. The consideration was \$600.

Kentucky formerly couldn't be excelled as an apple producing State, but for some years past it has been failing, until now it seems to have no rank in this line. Missouri is a great apple producer, but the fruit, so said by former Kentuckians, now of that State, doesn't compare in taste with that they used to get here.

Rev. T. S. Buckingham, of this city, recently delivered his popular lecture on "Courtship and Marriage" at Minerva. A friend writing of the address, says: "For one hour and twenty minutes the interest was unbroken. It is cast upon a high plane and Mr. Buckingham not only entertained his audience but taught a good lesson that every one who has an opportunity should hear."

BOYS IN MINES.

Miners Will Try to Secure Legislation Prohibiting Their Employment.

Indianapolis, Ind., Jan. 23.—At the afternoon session of the miners' convention the committee on officers' reports reported a concurrence in President Mitchell's recommendation that the organization endeavor to secure legislation prohibiting the employment of boys in mines under 16 years of age. An amendment was offered extending the employment of boys "in and around mines." President Mitchell vigorously contested this amendment, because of his belief that the resolution might be deemed too stringent by the legislators and be declared unconstitutional. The amendment was defeated by a rising vote and the committee report was adopted.

Chicago Firms Suffered a Loss of Three Hundred Thousand Dollars.

Chicago, Jan. 23.—The Chicago building of the Pittsburg Plate Glass Co. was destroyed by fire Friday night. Flames spread to the seven-story factory of the Ducklen Medical Co.
